EXPERIENCE

Consultant - Banca Popolare di Puglia e Basilicata
May 2018 - September 2018

Installation and integration of an enterprise software for HelpDesk and Knowledge Base, along with custom developments.

Consultant - Law Engineering Systems
November 2017 - May 2018

Data processing and frontend refactor for a laws/sentences aggregator portal, built with Django, GraphQL and Bootstrap.

Attendee - European Innovation Academy 2017
July 2017

Summer school/Startup accelerator. In three weeks you go from an idea, to customer validation, and end up talking with real investors. Placed third.

Co-Founder - LogiBrick SRL
since December 2016

Consulting company with focus on simplicity and customer happiness.

Trainee - Scloby SRL
April 2015 - July 2015

Unit testing using AngularJS and development of a part of the product.
